

CELL PHONE USE

Purpose

The Pasquotank County Library policy regarding the use of cell phone attempts to strike a balance between two competing factors:

- The user's expectation that the Library is an environment conducive to reading, studying, researching and quiet collaborating
- The Library's desire to accommodate the increasing usage of cell phones among our users

These guidelines were developed in response to concerns from patrons and staff about the increased noise in the Library due to cell phone use.

Cell Phone Policy

- ❖ When entering the Library, please set cell phones to silent or vibrate mode.
- ❖ Cell phones may not be used in the computer lab.
- ❖ Even in acceptable areas, cell phone conversations should be conducted in a low voice.

If you wish to report inappropriate cell phone use, contact a Library staff member at the nearest service desk.
